P.O. Box 515  
Frankfort, KY 40602

RECEIVED

NOV 21 2005

PUBLIC SERVICE  
COMMISSION

To Whom It May Concern:  
Referring to Case Number 2005-00445

We do not want this 260 foot tower next to our property. The value of our property will decrease, especially when we want to sell our property, no one would want to be this close to a cellular radio service tower.

The cellular radio services would interfere with a lot of things in our home and community.

If a tower needs to be set in this area, the land owner has land that is not in someone backyard or close to homes in the community, they are not thinking about other people, only what they are going to get out of it.

These towers need to be put on higher ridges so you can get services out in the county, especially in the eastern part of Wayne Co.

Sincerely,

David M. Dick
